

Stay at home if you are feeling unwell

Please check for signs of illness and consider your personal health risk before traveling to the golf club!

It is essential that you observe the contact restrictions and the social distancing rules

A distance of at least 1.5 metres between people helps to significantly reduce the risk of viruses being transmitted:

- Do not gather in groups!
- Do not shake hands, touch or otherwise establish physical contact with others (e.g. no hugging)!
- Please maintain the necessary physical distance to other players especially at the reception desk, in the shop, on the practice grounds and on the golf course!

Protective masks in enclosed spaces (recommendation)

We recommend that you wear a protective mask in all indoor spaces such as the clubhouse, the caddie shacks, the service center, pro shop etc.

Good hands hygiene and disinfection

Wash your hands as often and as thoroughly as possible, regularly clean and disinfect all items you use

Observe breathing hygiene

Please cover your nose and mouth with a tissue when you cough or sneeze, and dispose of the tissue immediately. If you do not have a tissue, please sneeze or cough into the crook of your elbow, and not into your hand.

Please comply with the rules

- Comply fully with instructions given by staff members!
- Only use your own equipment!
- Only proceed to the Tee shortly before your Teetime!

Minimize risk in all areas

This point appeals to your common sense. If an activity makes you feel uncomfortable and if you are uncertain about the potential risks involved, then you should refrain from participating in that activity and should seek a risk-free alternative.

Golf Course:

- a. You are allowed to use the Pin on Course Rot, please touch it with golf gloves
- b. Avoid using ball washers if possible
Use of ball washers is only permitted with the hand wearing a glove
- c. Bunker: Please use the Bunker Rakes and touch it with golf gloves
- d. The toilets on the golf course and on the ground floor of the clubhouse are open

Practice Areas, Driving Range (putting and chipping greens, bunker areas):

- a. Players are responsible for observing "Maximum Capacity" according to the signs on site
- b. Training is only permitting using own balls
- c. Use of the Driving Range is only permitted in the designated areas

The Driving Range may only be used to warm up before your round.
For daily training, please use the "Home of Wolfpack" Driving Range.

Clubhouse:

- a. The clubhouse is open from 06:00 hrs to 22:00 hrs.
- b. The changing rooms and showers may be used if the rules of conduct and hygiene regulations are observed. We kindly ask you to use the showers and changing rooms at your hotel.
- c. Only remain in the changing rooms and showers for as long as necessary.

Pro Shop:

4-6 persons may be present in the shop at the same time.

Golf Course Visitors:

100 visitors are permitted at the golf course during the tournament. Please register in the Service Center before proceeding to the golf course.

Please avoid groups of people and maintain social distancing at all times.

Prize-Giving Ceremony:

Please maintain social distancing during the prize-giving ceremony near the green of Hole 18. It is recommended that you wear a protective mask.

First Aid

German Red Cross staff are available if you have questions or problems during your visit. The Red Cross tent is located at Halfway House I.
